We can't move in Britain for asylum seekers. Asylum seekers and refugees who jump to the top of housing lists and cruise around in their new cars, wearing their nice new trainers to pick up their fat benefit cheques before mugging a couple of grannies on the way home. Just for a laugh.

We're told lots of stuff about asylum seekers and refugees - on the telly, in our newspapers, from our politicians. Do you ever think that maybe some of the stuff we're being told feels a bit far-fetched, and maybe some of those headlines are just not ringing true?

'The Facts & Fibs about Asylum' gives you the chance to think about what it really means to be a refugee or asylum seeker in Britain. Through interactive talks given by our qualified speakers and hearing first-hand experiences from refugees and asylum seekers, our project lets you make up your own mind.

## OUR WORKSHOPS LET YOU:

- Cut through the legal definitions and terminology
- Hear first-hand the reasons that people flee their homes for the UK
- Get the real facts and figures on asylum (instead of the scary made-up ones)
- Bust through the common myths and questions
- Have access to a wealth of information on services and groups in your area
- Find out what you can do to help newcomers

These are free sessions that can be tailor-made to your individual needs. If you'd like us to come and speak to you and your group (be it at a school, place of worship, fire station or sports club) then please contact us for more information.

If you're active or interested in your community then you're probably the kind of person who wants to know more about one of the biggest, loudest subjects in Britain today. Because if you're going to have an opinion, we know you'll want it to be an informed one.
