About Refugee Action

This is an exciting time for Refugee Action. We are a national charity with more than 40 years' experience of empowering people who've survived some of the world's worst regimes to secure the protection and support that they need to live with dignity and respect and build a new life in the UK. We do this by providing expert advice and casework, building the capacity of partner organisations and campaigning on the policies that affect them.

Our vision for a welcoming UK has never been more important. It's a crucial time to be part of Refugee Action as we come to the end of our current strategy (2019-22) and embark on our next strategic period. We will do this through securing systemic change through our campaigns to change government policies, our direct services, and our work to strengthen and connect other service delivery organisations.

We will also continue with our commitment in our strategy to do far more to learn from and shift power to refugees and people seeking asylum. We are also striving to be an actively anti-racist organisation.
